FOR IMMEDIATE RELEASE

State Route 29 - Channelization Project - Napa County Updates Friday August 21 until Friday August 28

NAPA COUNTY – Caltrans and its local stakeholders will continue to work closely with local utility companies on the construction of the State Route 29 (SR-29) Channelization Project in and near St. Helena in Napa County.

Gas Line Relocation Work - Friday August 21-28

As part of the preliminary work on the project, utility gas line relocation will continue Friday, August 21 until August 28. Normal work hours are Monday-Friday starting at 6:00 AM until 6:30 PM. The undergrounding of the gas lines along SR-29 will be conducted by PG&E.

Temporary Traffic Shift – Until Further Notice

For worker and public safety during the work, traffic lanes on northbound and southbound SR-29 will be slightly shifted at various locations from Ingelwood Drive to Charter Oak Drive.

The northbound SR-29 traffic lane and southbound SR-29 traffic lane will remain open. However, motorists may encounter delays while flaggers intermittently slow traffic for local access at various locations during the temporary traffic shift.

Also, night one-way traffic controls will be in effect from 8:00PM until 6:00AM Monday-Friday.
